

Welltech Total Water Management have been successfully delivering innovative water management solutions across the mining, civil, utility and construction sectors for many years. We are renowned for developing unconventional yet simple project solutions.

Welltech[®] PipeBRIDGE[™]

Why PipeBRIDGE[™]

- Designed, engineered and built in Western Australia by Welltech;
- Engineered for flows up to 800L/sec (DN450);
- Engineered for a self-supporting span of 12 metres (DN450);
- Scalable to any flow rate or span;
- Robust steel construction;
- Minimises the risk of service strikes;
- Easily transportable and set up;
- No excavation, no legacy issues;
- Our fast, highly skilled teams are available to mobilise our substantial in-house fleet at a moments notice; and
- You can be assured we will deliver as promised and you will be supported by Welltech's guarantee of *Commitment = Satisfaction*.

From an ambitious dream to reality.

Commitment = Satisfaction

Zak Haines

Zak's highly technical background in electrical instrumentation and mechanical, coupled with his expert project management skills ensures you are in safe hands. He has a hard earned, decorated history, of successful sewer bypass projects.

Zak is also responsible for the development of Welltech's innovative Hypro app. Welltech Hypro is a free app, giving users access to a real-time pipe friction calculation, critical engineering information tables and an interactive unit converter.

Zak's thorough knowledge of sewer bypass operations and true understanding of project deadlines gives clients the confidence Welltech will deliver on every promise we make, guaranteed!

"If you can't find a solution elsewhere, you will find it here – guaranteed".

From an ambitious dream to reality.

"The installation of the temporary stopboard gate 1 was successful and was a tribute to the planning and hard work from all those involved. Thanks to Zak H and the Welltech crew for assisting in proactive and precise planning."

Matt Smith Fulton Hogan Engineer, Luggage Point QLD
